

# GRANNY'S PINCUSHION

## The Cushion

Use your granny circle as a template to trace two circles onto fabric. Cut out the fabric, place wrong sides together, and pin. (Fig 1)

With running stitch, sew along the circles until there's a 1 inch gap left. Snip carefully along the curved seam allowance and turn the fabric right side out. (Fig 2)

Stuff the cushion firmly. Really, really firmly. You want it to hold your pins and needles without complaints! (Fig 3)

Sew the gap closed with whip stitch or whatever you prefer. Remember the seam won't show at all once the crochet is in place. (Fig 4)

## Assembly

Wrap the finished cushion with the granny and treble circles. Thread the yarn tail

onto a yarn needle and sew the circles together. For a neater seam, go through the back loops only. The granny circle should have 96 stitches and the treble 72 stitches. on their last rounds. Skip every fourth loop on the granny circle to match the edges. (Fig 5)
